

Project Management

Background:

As an effective project manager, you organize scarce resources, work under tight deadlines, control project change and generate maximum team performance. In order to enable professionals to achieve this goal ABCD Consultants has come up with a comprehensive three day training workshop on Project Management which covers a wide range of topics on the subject matter.

Benefits

Through a simulated case study, you learn how to successfully plan, manage and deliver projects. You also learn how to implement project management processes, develop leadership skills and respond to real-world scenarios.

Who should attend?

Individuals who need to strengthen their project management skill sets, those new to project management, or project managers seeking a refresher on fundamental project management knowledge, skills and tools.

Course contents:

This course will teach you how to:

- Produce a project plan to ensure successful delivery and stakeholder satisfaction
- Plan and run projects using best practices in a 6-step project management process
- Implement risk management techniques and mitigation strategies
- Estimate and schedule task work and duration with confidence
- Implement monitoring tools and controls to keep you fully in command of the project
- Recognize and practice the leadership skills needed to run a motivated team

Trainer:

ABCD Consultants is proud to have qualified trainers on its team who can ensure your success using their skills and knowledge as well as the well equipped training environment and materials. The trainer assigned to this training is an MBA holder with extensive experience in conducting and managing training workshops on Project Management and several other subjects in the field of management.

Fee:

Training fee is AFN 12,000/- for a three day workshop which includes training materials, certificate, lunch and refreshment.

Approach:

The Project Management course is available for fee based participants at ABCD Consultants training center or at your offices in any location in Afghanistan. We usually recommend a three day course but can also offer a more flexible format to suit your schedule.
